

FOUNDER & CEO

# DR. MANGINA PADMAWATI DEVI

I am Dentist by profession with business interest for 3D animation. Passion for 3D animation comes from childhood fascination to art and its impact. The ability to convert storytelling and communicate complex concepts visually. With our passionate artists in our team who push 3D animation to new level of imagination in the areas of character making, movies, storytelling, creativity in crafting the drama has brought me to MIPCOM, Cannes, France. I am looking forward to discuss avenues to join our interest into business ventures and develop art to a different level for the world.

I am teamed here with leading expert in 3D animation, known for his mastery in creating lifelike visuals and immersive environments. With over 2 decades of 3D animation industry experience and have worked on a wide range of projects who can convert storytelling into animations and always generates inspire. His art work, drawing, designs are impeccable and occupy a very unique place in the field of 3D animation
